Kingfisher Company Inc. is pleased to offer our local municipalities the opportunity to meet with other departments, review public reporting best practices and see the potential opportunities while maximizing your existing municipal fire alarm infrastructure.

Our world headquarters are in your backyard in Lowell MA! We are hosting a day of training to review current infrastructure, newer technologies and a future pathway for your municipal reporting system. Review of certification opportunities in municipal fire alarm, interior fire alarm and inspection and testing will be discussed.

Ensuring your municipal plant can continue to serve your communities for many more years to come along with alternative and innovative solutions for your communication centers.

Who: Fire Alarm, Fire Prevention and Chief officers

What: Training on and demonstration of Municipal Public Reporting systems

When: Thursday, April 3, 2025, 0800 to 1600 hours

Where: KCi Headquarters, 81 Old Ferry Rd, Lowell MA

Cost: No cost to municipalities, lunch and snacks will be provided

RSVP@: Training@kfci.com
